

## Keep Your Operation Free of Insects

This broad use, easy-to-use aerosol helps keep your operation free of common pests. The contact insecticide works with an active ingredient of a natural botanical pyrethrum that is approved to use in food areas. EPA-registered.

## AEROSOL CONTACT INSECTICIDE (SWISHER)

- Kills crawling and flying insects and bed bugs
- Approved for use on countertops and food prep areas and can be used during operation hours
- Safe to use in restaurants, schools, hotels, supermarkets and other facilities
- EPA Registered No. 1021-2718-1677

**Aerosol Contact Insecticide (Swisher)**

is formulated to kill flies, mosquitoes, wasps, flying moths, roaches, ants, spiders and bed bugs.

**DIRECTIONS:**

Shake before using and at intervals during prolonged use:

1. Hold container upright with nozzle facing away from you.
2. Press valve down and spray as directed.
3. To avoid possible staining of fabrics or surfaces, do not spray at close range.
